2019 Pistol Match Scores and Standings
March 15-17, 2019 • New Orleans, LA**

The first phase of the 2019 Tac-Con Pistol Match was a timed course on turning target stands, using silhouette targets. The maximum possible score was 200. After the preliminary round, the highest-scorers shot an intermediate course of fire on B-8 bullseye targets to narrow the finalists down to 16 men and eight women. Those finalists competed in one-on-one elimination shoot-offs with reactive mannequin targets to determine the winners. We salute all the competitors for participating, and congratulations to the winners!
